

Restorative Scanning for Lab Success

Dates	March 26, 2026 6pm - 8pm MST
Location	Montana Dental Lab 1423 Wyoming Ave Billings MT 59102
Cost	\$0 (Doctor Fee)/\$0 (Team Member Fee)
CE Hours	2.0 CE Hours Doctor & Team Course Subject Code: 370
Prerequisites	N/A

Join us for a deep dive into modern restorative, edentulous, and All-on-X scanning workflows. This session blends practical lecture content with hands-on tutorials, giving attendees real-world tips and tricks they can immediately apply to improve scan quality, efficiency, and predictability.

We'll cover best practices for restorative scanning, strategies for capturing accurate edentulous anatomy, and proven approaches to All-on-X workflows—highlighting common pitfalls, how to avoid them, and how to get the most out of your scans.

Attendees will walk away with actionable techniques, increased confidence, and a clearer understanding of how to support doctors and optimize lab outcomes.

At the end of the course, participants will be able to:

Evaluate the use of iTero as a digital engine for restorative workflows, including its ability to minimize remakes and enhance the quality of scans and restorations.

Analyze the iTero software features and determine their effectiveness in increasing restorative case acceptance.

Examine the different scanning techniques & troubleshooting for different clinical scenarios.

Clinical training provided by guest speakers reflects their own views and not necessarily those of Align Technology, Inc.

We highly encourage all dental healthcare professionals to regularly review their state's Dental Practice Act, as rules and CE requirements are subject to change.

Cancellation Policy: Cancellations must be submitted no later than 11:59 PM EST, seven (7) calendar days prior to the scheduled event start date to receive a full refund. Cancellations made after this deadline will not be eligible for a refund but may be eligible for a credit toward a future course. Contact your Align Sales Rep for support.

About the speaker: Racheal Psachos

Racheal Psachos began her career in the dental field as a dental assistant, gaining hands-on clinical experience across all areas of dentistry.

In 2021, she joined Align Technology, where she now serves as the North America iTero Restorative Integration Manager. Racheal specializes in helping labs and practices streamline complex restorative workflows through the power of digital technology and the iTero Lumina platform.

With over three decades of experience as a dental assistant, Racheal Psachos has developed expertise across every facet of dentistry. For the past five years, she has been an integral part of Align Technology, partnering with dental labs, general dentists, and their teams to seamlessly connect cutting-edge innovation with practical, real-world application.
